ERAE information :

The European Review of Agricultural Economics now accepts review articles, and the ERAE Editors welcome proposals for review articles from EAAE members. Review articles should provide a comprehensive and scholarly account of a topic that has direct relevance to agricultural economics (methodological or applied) and that has not recently been covered in the literature. A pre-submission enquiry is required. If you are interested in writing a review article for ERAE, please send an abstract, outline, and key references to erae.editorialoffice@oup.com .

Call for papers Q Open

As the renewal of the Common Agricultural Policy as well as Climate change policies are triggering many research projects, also on a national or regional scale (e.g., for national plans), the editors of Q Open are especially interested in papers that, in a sound science approach, report results from such projects. Please consider Q Open as an outlet for your papers. Find out more at: <https://academic.oup.com/qopen>; submit at: <https://mc.manuscriptcentral.com/qopen>
